
How to Prevent Your
Kids from Being
KIDNAPPED by CPS

- Thank you for caring enough to attend this webinar.
- The topic is unbelievably important, much more than most people realize.
- Normally, I am a happy-go-lucky guy, I like to have fun, and tell lots of jokes and laugh a lot.
- However, this presentation is not going to be fun, funny, or entertaining.
- Unfortunately, you will not get to see my normal side, today you will only see my serious side.

The Future for Families of Kidnapped Children

4 Most Common Results:

1. **FINANCIAL RUIN**
   - Most families spend all of their money with lawyers, the legal system, and unnecessary medical expenses.
   - The average family spends 100% of their savings, and then go into debt in order to continue funding their legal fight.
   - They also lose all income as it becomes impossible to go back to work in the same way they worked before.

4 Most Common Results:

2. DIVORCE

- Even what appear to be the strongest marriages and family units you have ever seen or have ever known, are torn apart and destroyed. *(Including Pastors and religious leaders.)*
- Husbands and wives blame one another.
- Children blame their parents.
- Everyone ultimately blame themselves.
- The emotional destruction cuts so deep that relationships are destroyed and the fighting and bickering coupled with emotional heartbreak inevitably leads to divorce.

4 Most Common Results:

3. **PTSD / EMOTIONAL TRAUMA**
   - People who experience kidnap have emotional trauma that is generally never overcome.
   - Future relationships are sabotaged, personal success and growth opportunities vanish, and oftentimes lead to insanity.
   - Suicide is not a *frequent* result, but it is also not uncommon.

4 Most Common Results:

4. **LOSS OF FAITH**
    - It is not uncommon for people who have endured kidnap to lose their faith.
    - If God was real, they reason, he should not have allowed their precious child to be kidnapped.
    - This leads to a crisis of faith that inevitably leads to a loss of faith completely.
    - Even Pastors and religious leaders have lost all faith after experiencing kidnap.
    - Nobody is exempt from this possibility.

If you knew that just ONE (if not all of these 4 things would happen to you after your child was kidnapped by CPS, what would you be willing to do to prevent it?

How desperately do you want to avoid that feeling and ultimately avoid the 4 potential and for some, INEVITABLE consequences I just described?

If you know that your child could be kidnapped at anytime, without reason, and that these would be the inevitable results, what would you be willing to do to PREVENT that from happening?

- ***How much money would you be willing to spend to prevent your child's kidnap?***
- ***What extraordinary efforts would you be willing to make?***
- ***What resources would you be willing to use?***
- ***What extremes would you go to in order to prevent it?***
- ***How much would you care about other people's opinions if you were fighting to save your child?***

Well, tonight I am going to show you and share with you exactly how you can prevent your child from being kidnapped by CPS.

But before I begin to show you how, I need to answer the following two questions that I know many of you already have:

Why do I use the term, KIDNAP?

Why Do I Use the Term, KIDNAP?

- Because "kidnapping" is defined as *forcefully stealing a person for profit*. *And CPS gets paid for forcefully taking your children!*
- In fact, if you forcefully steal a person, even if it is not for profit, it is still kidnapping.
- And that is what CPS does as over 83% of the time ***they take children from innocent parents who have neither abandoned nor abused their children***.
- Those are their own statistics, not mine. I would imagine that the real numbers are even higher than that.

What Does GOD Say About Kidnapping?

Exodus 21:16 *“Anyone who kidnaps another and either sells him or still has him when he is caught must be put to death."*

Are you even at RISK of having your child kidnapped?

Are You Even At RISK?

- It used to be that the children of single, minority women were the most common children taken by CPS.
- But recent evidence shows that two of the most common categories of CPS kidnapping are against:
  - Anti-vaxxers (and alternative health advocates).
  - Homeschoolers.
- Behind that are: *Christians, political conservatives, "Conspiracy Theorists," and people who are generally non-compliant.*

National Statistics

- Last year over **362,944** **children were forcefully kidnapped from their parents without a substantiated cause**. *(https://familypreservationfoundation.org/about/cps-statistics)*
- In other words, parents who did no wrong, who did not abandon their children, or did not abuse their children or break the law in any way, had their children kidnapped from them.
- Many of them NEVER saw their children again, and never will.
- ***In the process, millions of dollars were paid to hospitals, doctors, judges, foster parents, and bureaucrats in exchange for these children.***

The process of Kidnapping by CPS is a multi-billion dollar industry, and you will learn tonight that the Federal Government gives bureaucratic agencies, including police agencies and hospitals a FINANCIAL INCENTIVE to kidnap your children.

I am going to make you uncomfortable tonight...

If you have confidence in the medical establishment, the police establishment, or any government funded establishment, the things I say tonight will enrage you.

Who Am I?

I am Baby Cyrus's Grandpa

- My name is Diego Rodriguez, and I am the Grandfather of Baby Cyrus.
- If you have not heard of the B**aby Cyrus case**, it was the most viral case of **Medical Kidnap** in over a decade.
- It happened in 2022, when my grandson, Baby Cyrus, was kidnapped at the point of a gun by feckless thugs with badges, who intentionally and knowingly kidnapped by Grandson for profit.

I watched it happen before my eyes and I was powerless to do anything about it, as I was surrounded by 5 police with their hands on their guns warning me that if I made a move, they would kill me.

POLICE
POLICE

4790
HOPS

These Cops are Criminals

- If your children are ever kidnapped by CPS, it will be police officers (i.e. cops) who physically do the kidnapping.
- **Exodus 21:16** applies to them.
- These men are not good men. They are criminals. Just because someone is a cop, or a doctor, or a politician, or a Pastor, doesn't automatically make them good.
- People should be judged individually, and if a Pastor kidnaps a child at the point of a gun, for profit, he is an evil criminal. If a doctor kidnaps a child at the point of a gun for profit, he is a criminal. And yes, if a cop kidnaps a child at the point of a gun for profit, he likewise is an evil criminal.

Police do not get a pass just because they are police officers. On the contrary, they should be held to a higher standard.

Nobody gets a pass. Not Doctors, Judges, Preachers, or anybody else who has ever been involved in kidnapping.

Why did they take Baby Cyrus?

Reasons Cops and Social Workers Give to Justify Kidnapping Children:

- The child was sad.
- The house was dirty.
- There were crayon markings on the wall.
- The family is too religious.
- They go to church too much.
- The children have to do chores.
- The laundry wasn't folded.
- The children are being homeschooled ("educational neglect").
- The child is too skinny/ underweight ("failure to thrive").

Medical Excuses are the Most Common tool—MEDICAL KIDNAP

- ***Children who have not been vaccinated.***
- Children whose parents use “alternative healing methods.”
- Families who rely to heavily on Chiropractic or other medical “quackery.”
- Children who have rare or unknown conditions (or conditions that allopathic doctors simply don’t understand).
- Skinny children.
- Children of families who believe in prayer for healing.

Why Did They Take Baby Cyrus?

- The incompetent Doctors could not properly diagnose Baby Cyrus's condition which caused him to throw up repeatedly.
- We now know it is **"Cyclic Vomiting Syndrome."**
- ***THE REAL PROBLEM: Baby Cyrus was not vaccinated and this enraged the Doctor.***
- She put them on CPS radar screen.
- Once Marissa canceled a weigh in appointment, CPS sent the cops to kidnap Baby Cyrus.

Dr. Natasha Erickson

Obey me
or I will
call CPS!

If that sounds RIDICULOUS to you, remember, they all get paid every time a child is kidnapped. The hospital, the doctor, CPS, police agencies and more ALL GET PAID EVERY SINGLE TIME A CHILD IS KIDNAPPED.

BabyCyrus.com

Yes, this is personal to me.

- I am not just some guy in a think tank trying to rile up a captive audience, on the contrary, this affected me personally.
- My grandson was kidnapped and I saw it happen.
- By a miracle that I will describe later, we were able to get Baby Cyrus returned to his parents in 6 days.
- But that was a miracle that will likely not happen again.
- It likely will not happen for you.
- Miracles are not promised.
- If they were, by definition they wouldn’t be miracles.

What They Took from Ammon:

- They stole his house.
- They stole his multi-acre apple farm.
- They stole his property.
- Emptied his bank account.
- Even stole money from his wife's bank account.
- Took money from his son's missionary bank account.
- Froze his Father-in-Law's bank account.

Neither one of us have committed ANY CRIME.

We simply have a civil lawsuit judgment against us and even though both state and federal law prohibit debtors prisons, meaning nobody is supposed to go to jail for not paying a legal debt, our modern day lawfare system ignores the law and imprisons people anyway.

What They Took from Diego:

- They froze my bank accounts.
- Emptied out our church bank account (simply because I was a signer on the account).
- It would cost the church more money in legal fees to fight to get their money back than they took in the first place, so they just happily stole God's money because in America, they can do that without consequence.
- And they put a **$100 billion** dollar negative entry in my bank account.

What About You?

- How many of you want to become homeless?
- How many want all of the money you have in the world taken from you?
- How many want money stolen from your friends, family, or church simply for being connected to you?
- Well that is what happens when you fight against the CPS system.
- You might think this sounds terrible, but the truth be told, we are fortunate. Many others, as you will soon learn, have been ***murdered*** for speaking out against CPS.

You Have a Choice

You Have a Choice:

- Act like this is not happening and hope you will not be targeted.
- Hope that President Trump will prevent your child from being kidnapped.
- Suffer the consequences of having your child kidnapped.
- ***Or avoid the kidnapping process altogether.***

NUMBERS AND TRENDS | APRIL 2021

Child Maltreatment 2019: Summary of Key Findings

This factsheet presents data from *Child Maltreatment* 2019, a report based on data submissions by State child protective services (CPS) agencies for Federal fiscal year (FFY) 2019. The full *Child Maltreatment 2019* report is available on the Children's Bureau website. The report includes comparison statistics for the last 5 years. These statistics indicate an increase in the overall rates of child victimization as well as an increase in the overall rates of children who received a response from a CPS agency.

States voluntarily provide data on child abuse and neglect to the National Child Abuse and Neglect Data System (NCANDS) that are used for the annual Child Maltreatment report. States have their own definitions of child abuse and neglect based on standards set by Federal law.[1] Additionally, States' screening policies and responses to maltreatment may differ, as does what each State reports to NCANDS.

[1] For more information about State definitions, refer to Child Welfare Information Gateway's *Definitions of Child Abuse and Neglect*.

WHAT'S INSIDE

- How many allegations of maltreatment were reported and investigated?
- Who reported child maltreatment?
- Who were the child victims?
- What were the most common types of maltreatment?
- How many children died from abuse or neglect?
- Who abused and neglected children?
- Who received services, and what did they include?

More than half (54.5 percent) of referrals were screened in for investigation or assessment by CPS agencies in the 45 States that reported statistics for both screened-in and screened-out reports. Approximately one-fifth (16.7 percent) of the children investigated were found to be victims of abuse or neglect—a rate of 8.9 per 1,000 children in the population. The remainder of the children investigated (83.3 percent) were found to be nonvictims of maltreatment or received an alternative response. The following, also illustrated in figure 1, are additional details about the dispositions of the investigations (duplicate count):[4]

This is ALL PUBLIC Information

- Every other claim I make about the money that is paid to the state of Florida by the Federal Government and more, I have all of the original source documentation.
- It is not secret information.
- It is public.
- God only knows what they are keeping from us in secret.

What is CPS? (Child Protective Services)

Other names for CPS

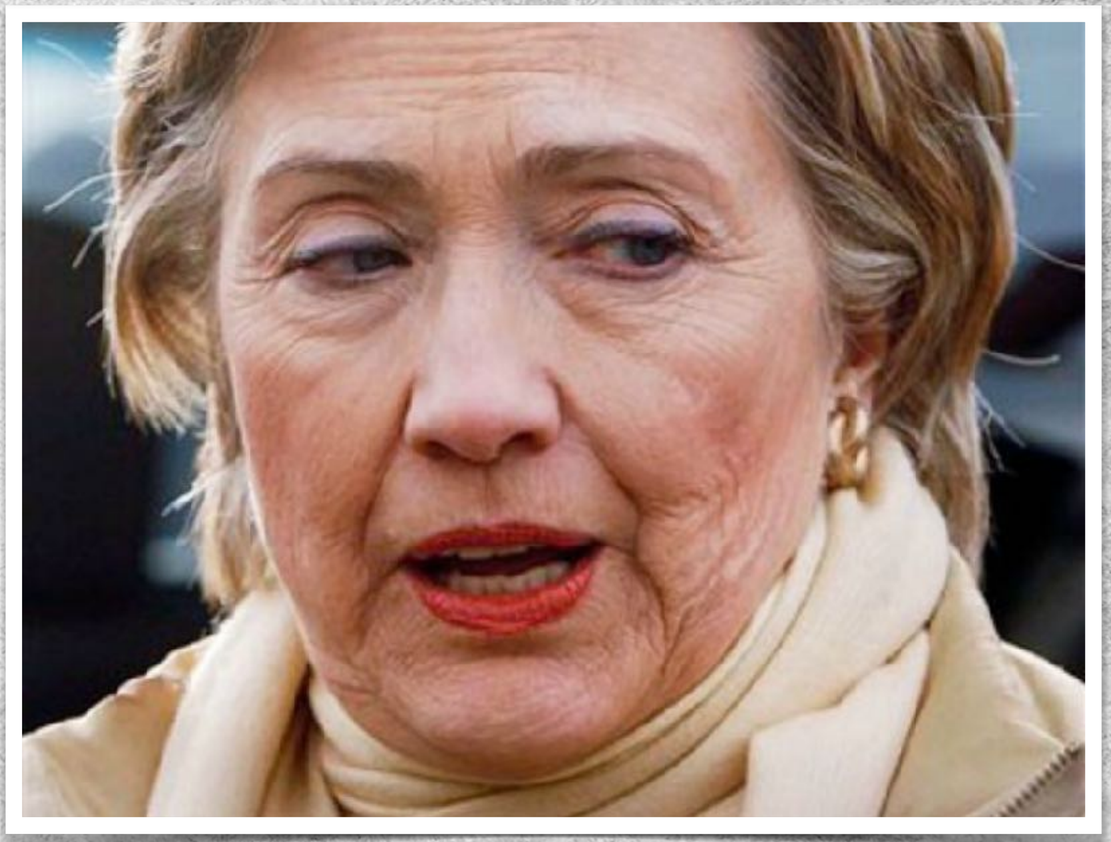

- **Department of children and families – DCF (Florida)**
- Children, youth, and family – CYF
- Department of children and family services – DCFS
- Department of social services – DSS
- Department of human services – DHS
- Department of child safety – DCS
- Department of child services – DCS
- Department of human resources – DHR

CAPTA - 1974

- **Child Abuse Presentation and Treatment Act.**
- This basically gave the government far reaching authority over “child welfare.”
- In 1980, the ***Adoption Assistance and Child Welfare Act*** created what we now know as the modern day Foster Care system.
- Funding mostly came from states and government action usually only took place in the most egregious circumstances.

ASFA - 1997

- **Adoption and Safe Families Act**
- Financially incentivizes all states to kidnap children for profit.
- Money comes from Social Security Title IV.
- Championed by Bill & Hillary Clinton.

$60 - $80 Billion

Taken from Social Security Funds to Give to the 50 States to KIDNAP CHILDREN.

Because of ASFA:

- All states are now financially incentivized to KIDNAP children (for profit).
- **Kidnapping children for profit is THE DEFINITION OF CHILD TRAFFICKING.**
- **All 50 states do this.**
- Alleged “free states” like Florida, Texas, and Idaho are unfortunately some of the country’s worst offenders.

CPS is now financially incentivized to KIDNAP children

What do you think will happen when the Federal Government offers a FINANCIAL INCENTIVE to do anything?

WHAT COULD POSSIBLY GO WRONG?

What do you think will happen when the Federal Government offers a FINANCIAL INCENTIVE to do anything?

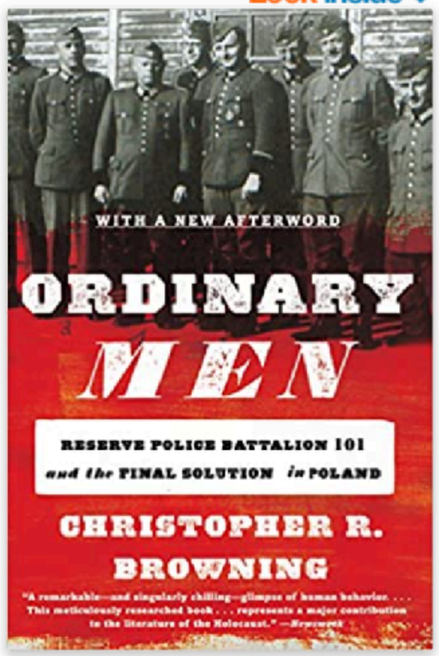

- Will you get more or less of it?
- Will there be corruption involved?
- Will it attract bad actors or kind-hearted Christians?
- Will it create dependencies on those financial incentives or will it encourage independence?
- Will it create thoroughly embedded deep-state bureaucracies or will it minimize government?

By Way of Example

When a child is first kidnapped forcefully by gun wielding police.	$
When the child is turned over to foster care.	$$
Every month the state gets paid for having the child in it's care (foster care parents get only a fraction of what the state gets).	$$$
After 15 consecutive months out of parent's care, the parent's lose 100% of all parental rights and the child is then put up for adoption.	$$$$
Once the child is adopted, the state gets BONUS MONEY	$$$$$
If the child is marked as special needs (ADD, ADHD, etc.) the state gets more BONUS MONEY	$$$$$$

“But police/doctors/social workers/nurses/judges would never do that!”

Ordinary Men is the true story of Reserve Police Battalion 101 of the German Order Police, which was responsible for mass shootings as well as round-ups of Jewish people for deportation to Nazi death camps in Poland in 1942. Browning argues that most of the men of RPB 101 were not fanatical Nazis but, rather, ordinary middle aged, working-class men who committed these atrocities out of a mixture of motives, including the group dynamics of conformity, **deference to authority,** role adaptation, and the altering of moral norms to justify their actions.

Foster care children are easy prey for predators: They disappear without a real search

Predators think no one will look for these missing kids in foster care. Today, unfortunately, they are right.

USA TODAY analysis shows Florida took kids from families, failed to keep them safe

Six years ago, Florida adopted a tough new approach aimed at preventing child abuse, but no one figured out where to put all the children. *USA TODAY*

An estimated 55 children will disappear from America's foster care system today. For too many, there will be no canvassing of the streets in search of them. No pictures posted. No social media campaigns. Not for these kids.

Anaiah Walker was 16 when she went missing in late 2019. She was living in a group home, and her family says she was a victim of sex trafficking. Five months later, her body – shoeless and disfigured – was found discarded on the median of a freeway. It took the police 12 days to even identify her.

In the past 20 years, agencies have closed the cases of more than 100,000 missing American foster children before they were found. Tens of thousands are listed as runaways. Others simply remain missing and the state has no idea where they are.

https://www.usatoday.com/story/opinion/columnist/2022/02/24/children-disappear-foster-care-trafficking/6829115001/

USA Today Report Found:

- The Department of Children and Families and the 17 private agencies that manage the child welfare system across Florida sent nearly 170 children to live in foster homes where the state had some evidence that abuse occurred.
- According to lawsuits, other homes had beaten children, “held them down, punched them in the stomach, spat on them, and denied them medical care.”
- Many children were sexually assaulted after having been kidnapped by the “free state” of Florida.

CPS & Foster Care Still Number One Source of Trafficked Children- Police Complicit

richq11 (72) in #familyprotection • 4 years ago

As I've written numerous times over 65% of children trafficked for sex in the United States come from foster care- which means that they were placed there by Child Protective Services (CPS). This doesn't count the tens of thousands that are trafficked in from abroad using our southern border

How Much Money is Each Child Worth?

NOBODY KNOWS!

(Each person who gets close enough to find the information to expose it gets killed, commits suicide, or has a "mysterious accident")

Nancy Schaefer was KILLED for exposing CPS

Senator Nancy Schaefer

Georgia Senator Nancy Schaefer wrote the report, ***"The Corrupt Business of Child Protective Services."***

Right before she released her damning exposé and documentary, her and her husband were found shot to death in their home.

Conservative Baptist activist Nancy Schaefer dead in apparent murder

NEWS ABPNEWS | MARCH 29, 2010

CLARKESVILLE, Ga. (ABP) — Nancy Schaefer, a conservative Christian activist and former two-term state senator in Georgia, was found dead with her husband March 26 in their north Georgia home in what is being described as a murder-suicide.

Nancy Schaefer

Investigators told the Associated Press they believe Bruce Schaefer, 74, shot his wife once in the back while she slept in the bedroom early Friday morning and then shot himself in the head. Police found a handgun near his body and several letters written to family members, including a suicide note.

Contrary to early reports that Bruce Schaefer had cancer, the *Gainesville Times* reported March 27 that the couple's daughter, who discovered the bodies, told the local sheriff her father was not suffering from any serious illness at the time of the shootings. Habersham County Sheriff Joey Terrell said some of the letters mentioned serious financial problems and speculated that might have been a motive.

Nancy Schaefer, 73, was for 23 years president of Family Concerns, a non-profit organization she started in 1985. She was elected to the Georgia State Senate in 2004 after federally redrawn legislative districts created an open seat in the 50th District, defeating two Republican challengers and a Democrat to win the seat. Before that she ran for mayor of Atlanta in 1993, was the Republican nominee for lieutenant governor in 1994 and finished third in the GOP race for governor in 1998.

$1 - $3 million per child

Whistleblowers in some states have come forth to testify that their state couldn't even balance their annual budget without the REVENUE they get from the federal government for kidnapping children!

What do you think is happening in America when the vast majority of CPS cases happen purely as a means of generating revenue for the state?

Did You Know?

- Registered sex offenders can still become licensed Foster Care parents?
- They only have to avoid getting caught for at least 5 years, and then they can take foster children.
- Even known child traffickers can become Foster Parents.

Beliefs and ideas that guarantee you will do everything wrong when your family gets involved with CPS:

1. Don’t hold on to the belief that "I haven't done anything wrong so nothing bad will happen."

- You have to be remarkably ignorant to believe that bad things only happen to bad people.
- In the case of CPS, they themselves admit that over 83% of all of their kidnappings are based on unsubstantiated charges.
- But that doesn't stop them from kidnapping your kids anyway.
- If you maintain this false belief, it will nearly guarantee you will make all the wrong decisions that will ensure you will lose your kids.

2. Don't trust police officers, judges, doctors, nurses, or hospitals.

- It is still hard for many Americans to process the concept that police officers would be willing to do wrong and kidnap their children.
- But regardless of your beliefs, and where they come from, the statistics are very plain.
- 100% of all CPS kidnappings happen when tyrannical police officers forcefully steal children at the point of a gun.
- I don't care if your dad, uncle, cousin, brother, or husband is a police officer—if you trust that they will "do the right thing," you will lose your child. The same goes for doctors and hospitals.

How to Prevent Your Kids from Being KIDNAPPED by CPS

HOW TO PREVENT YOUR CHILD FROM BEING KIDNAPPED BY CPS:

1. **Never, ever, ever, ever, go to an allopathic hospital. NEVER.**
    - Allopathic hospitals are the big, government subsidized hospitals in nearly every city in America. Don't go to them. Period. Just don’t.
    - There's so many alternatives: *small health clinics, direct care providers, naturopathic doctors, functional medicine, integrative health providers, homeopathic doctors, and dozens of other medical clinics that are not connected to allopathic hospitals.*

HOW TO PREVENT YOUR CHILD FROM BEING KIDNAPPED BY CPS:

1. **Never, ever, ever, ever, go to an allopathic hospital. NEVER.**
    - The second you step into their domain, you are putting you and your family's lives in danger.
    - Most of these hospitals have CPS workers on-site! And they are daily looking out for any and every opportunity to take your child away.
    - Consider the fact that allopathic hospitals and the doctors who work there are the 3rd leading cause of death in America —behind heart attacks and cancer.

The third-leading cause of death in US most doctors don't want you to know about

KEY POINTS

- A recent Johns Hopkins study claims more than 250,000 people in the U.S. die every year from medical errors. Other reports claim the numbers to be as high as 440,000.
- Medical errors are the third-leading cause of death after heart disease and cancer.
- Advocates are fighting back, pushing for greater legislation for patient safety.

HOW TO PREVENT YOUR CHILD FROM BEING KIDNAPPED BY CPS:

2. **Make friends with your neighbors.**

   - I realize that this is not always possible as some people live next to some downright "freaky people," curmudgeons, "Karens," and weirdos.
   - But by and large, your neighbors are normal people just like you.
   - However, our modern day society has taught us to stick to ourselves and most people have very little contact with their neighbors beyond just a simple wave of the hand when you pull in our out of your garage.

HOW TO PREVENT YOUR CHILD FROM BEING KIDNAPPED BY CPS:

2. **Make friends with your neighbors.**
   - Cultivate good relationships with your neighbors.
   - This is what used to make America, America!
   - We had strong communities that took care of themselves.
   - If your neighbors know you, like you, know your kids, know your story, have shared meals with you and the like—*it is far less likely that they will call CPS when you decide to homeschool, or when your kids kick the soccer ball over the fence.*

HOW TO PREVENT YOUR CHILD FROM BEING KIDNAPPED BY CPS:

3. **Build a strong network of support.**

   - There is an old saying, "You're only as strong as your network."
   - In life, this means that your circle of influence, your friends and family, your "group" that knows you and that you know, may be the most important element of your life.
   - And these are the people who will step up to the plate to support you and defend you if you ever need it.
   - So build your network strong and wide.
   - Find a good church and be faithful to it.

HOW TO PREVENT YOUR CHILD FROM BEING KIDNAPPED BY CPS:

   - Join the John Birch Society, local Tea Party groups, Americans for Prosperity, and any and every other network of people who share likes and dislikes. Join Peoples Rights.
   - Let people know you, because that is the only way they will be willing to fight for you when you need it most.

HOW TO PREVENT YOUR CHILD FROM BEING KIDNAPPED BY CPS:

4. **Be ready to leave the State in an <u>INSTANT</u>.**
    - Generally speaking, the authorities can't take your child away from you in another State.
    - Get out of dodge and stay protected until you know you can safely return home.
5. **Be ready to leave the Country (seriously).**
    - This is called having a PLAN B and it is the ultimate form of protection and safety for your family.

What to do if YOU ARE contacted by CPS

If You Are Contacted by CPS:

- **Do not open the door!** Do not engage CPS in any way whatsoever. You are under no obligation to talk to them. Simply do not talk to them, ever.
- **Contact an attorney immediately!** If you are a member of Heritage Defense or HSLDA, contact them immediately. Otherwise, call a local attorney to get immediate legal support.

If You Are Contacted by CPS:

Activate Your PLAN B if necessary.

- If you were to ask any other parent who has been through it, *what would you be willing to do to avoid your child ever having been kidnapped in the first place? The answer is always:* ***ANYTHING****!*
- So you should seriously consider having a PLAN B in place, and acting upon it immediately. This could be as simple as moving out of state temporarily with a relative or in an AirBNB. It could be as extreme as having residency in another country so that you can move their temporarily to keep your children safe from the evil clutches of CPS.
